GROWQR

Step-by-Step Guide of GrowQR Onboarding Process

A visual walkthrough for creating your personalized career profile

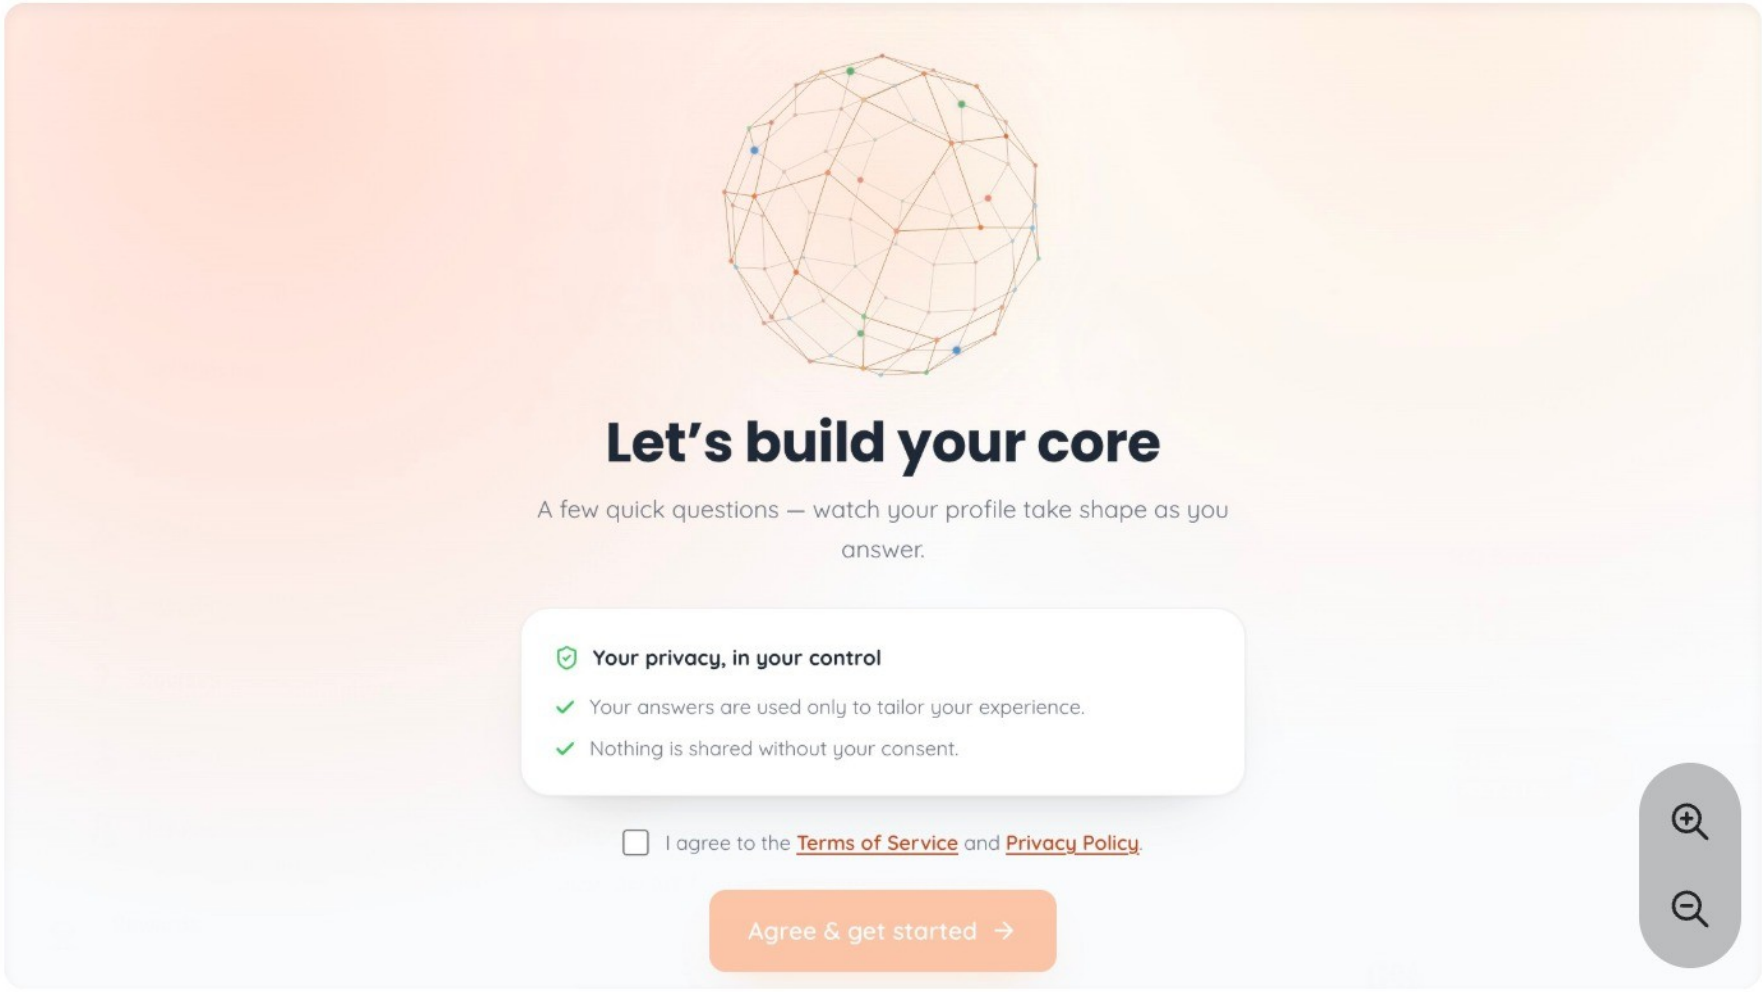

18 GUIDED STEPS

From privacy confirmation to your personalized dashboard

1

Open the GrowQR onboarding page

Navigate to https://app.growqr.ai/home to begin creating your personalized GrowQR profile.

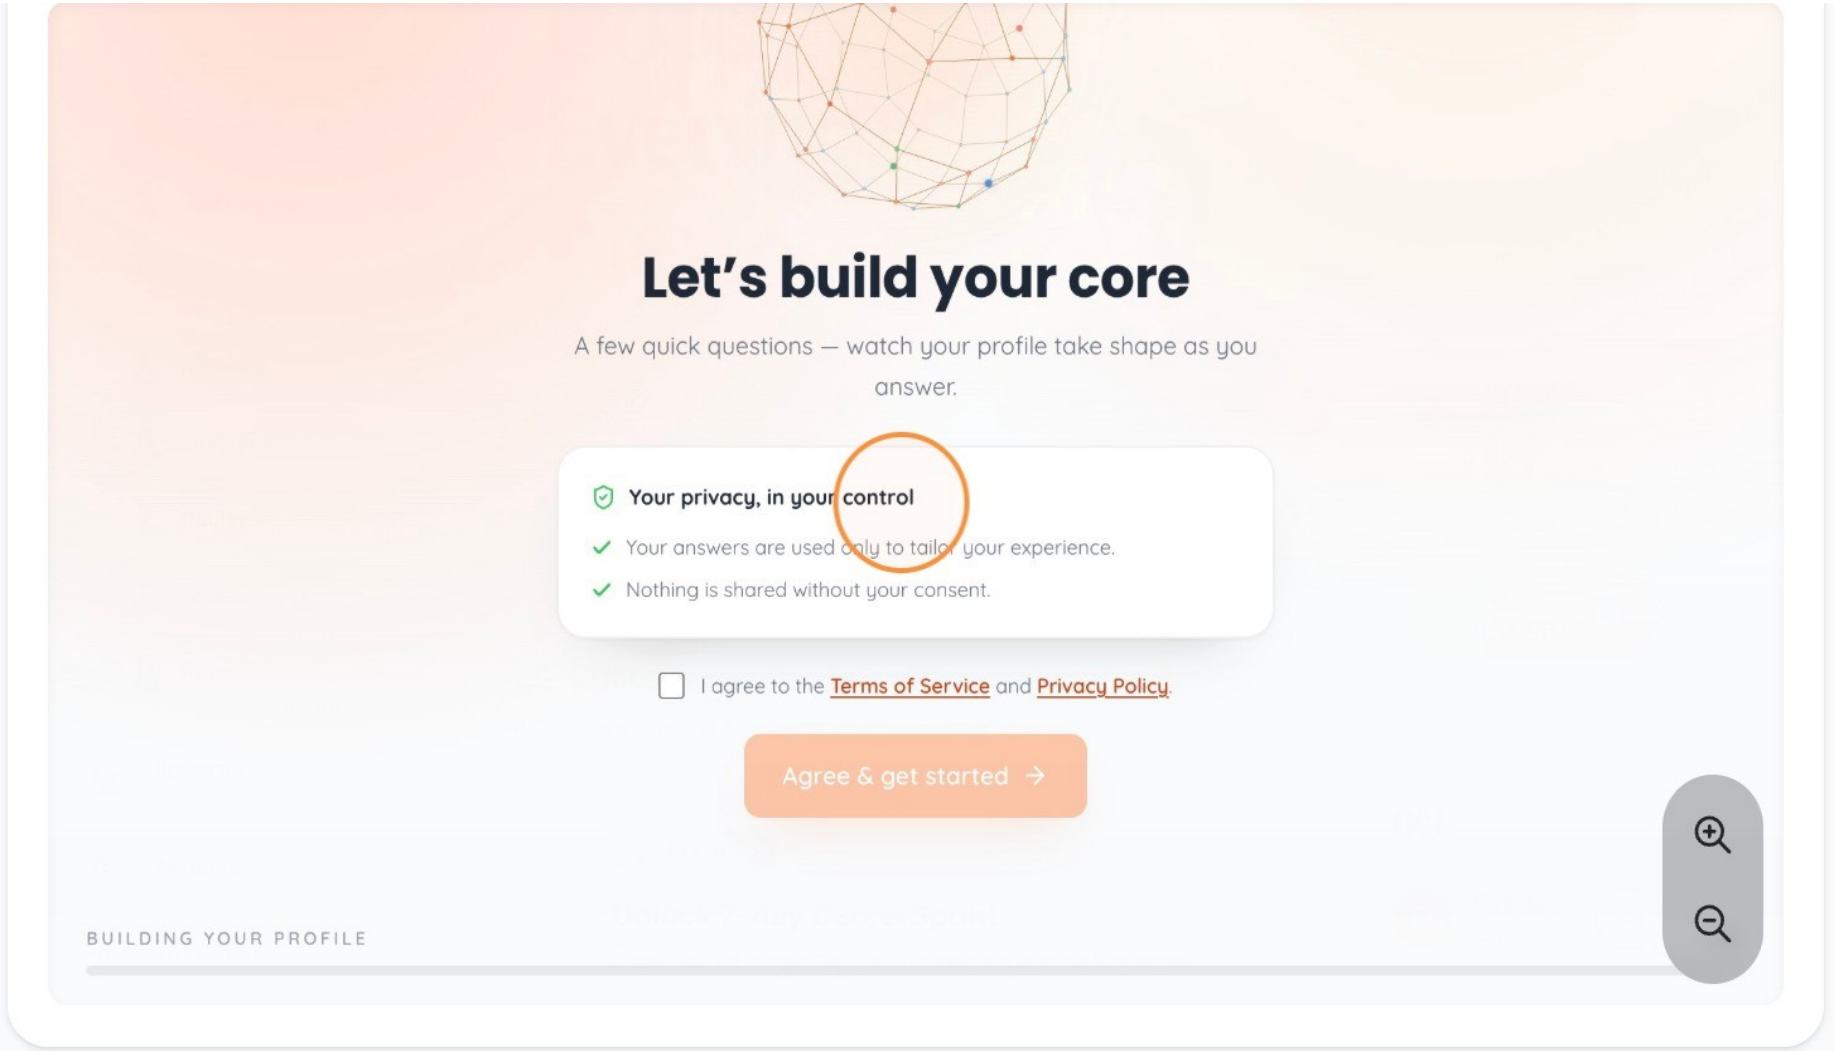

Step 1 of 18

2

Review how GrowQR protects your information

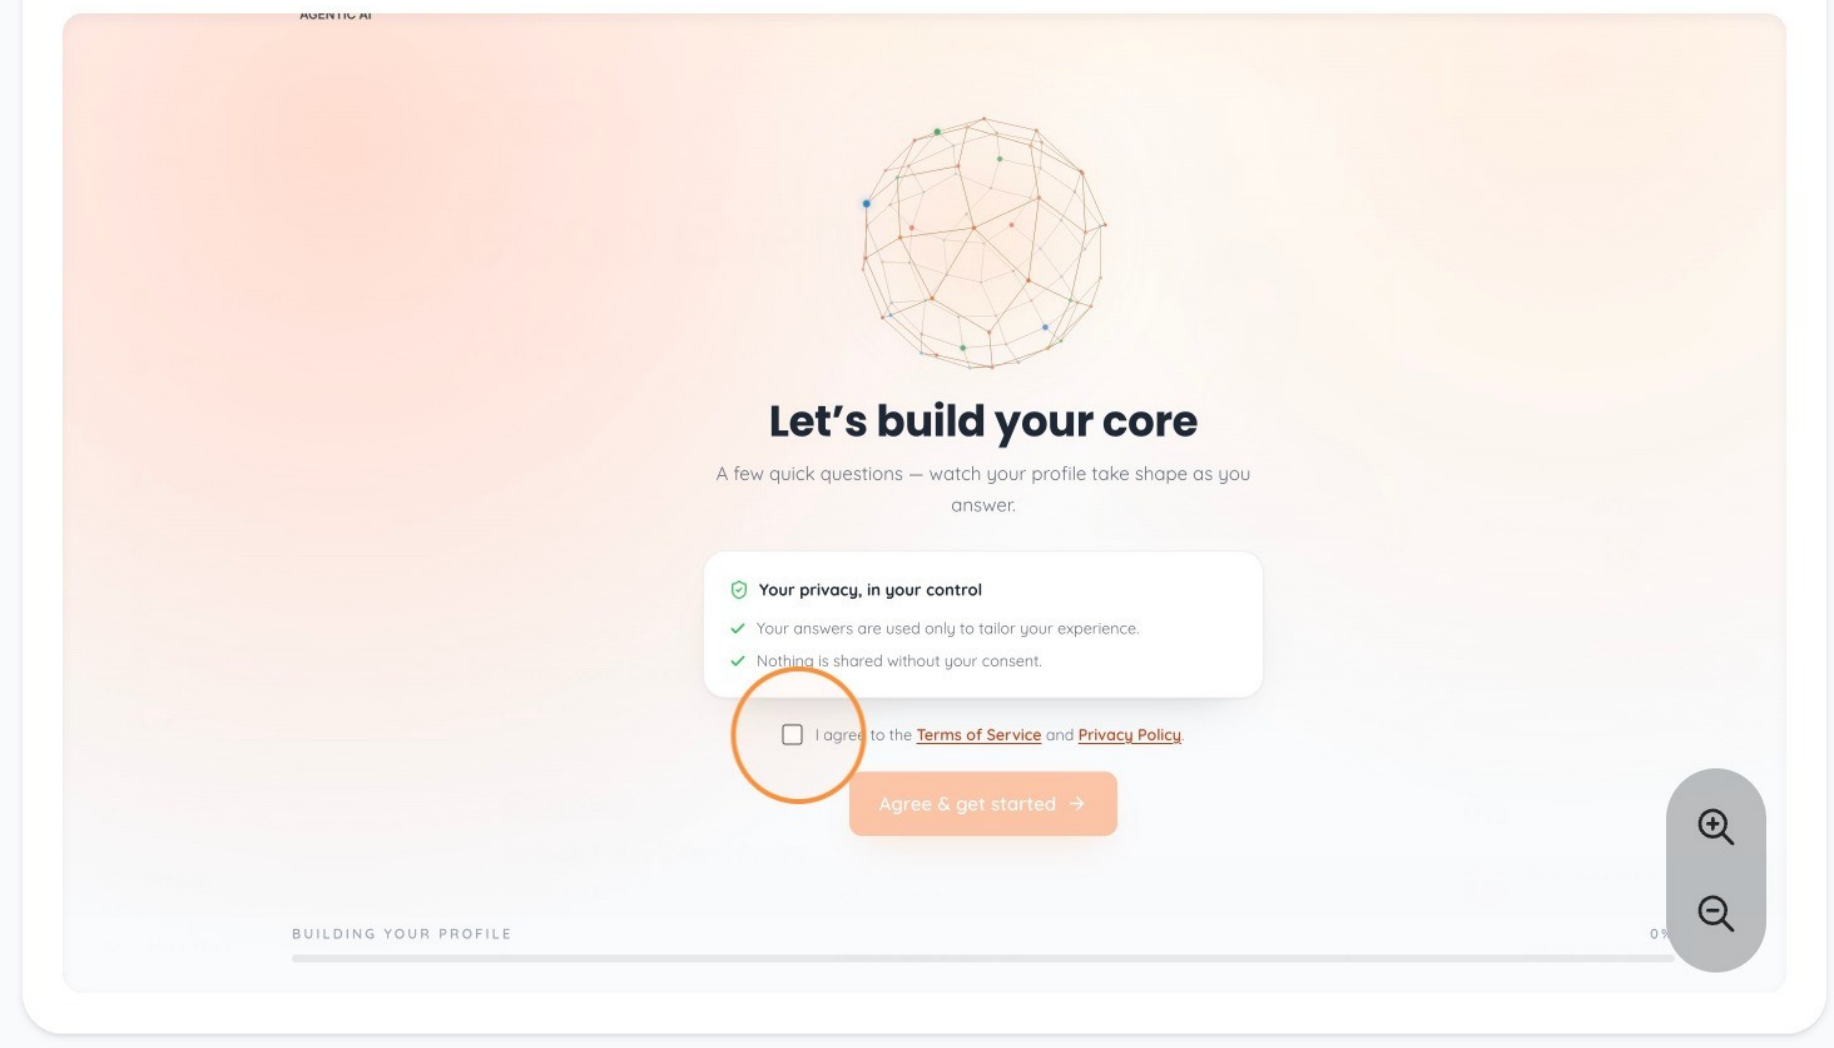

Read the privacy notice to understand how your answers are used to personalize your experience and how your information remains under your control.

3

Accept the Terms of Service and Privacy Policy

Select the checkbox to confirm that you agree to GrowQR's Terms of Service and Privacy Policy.

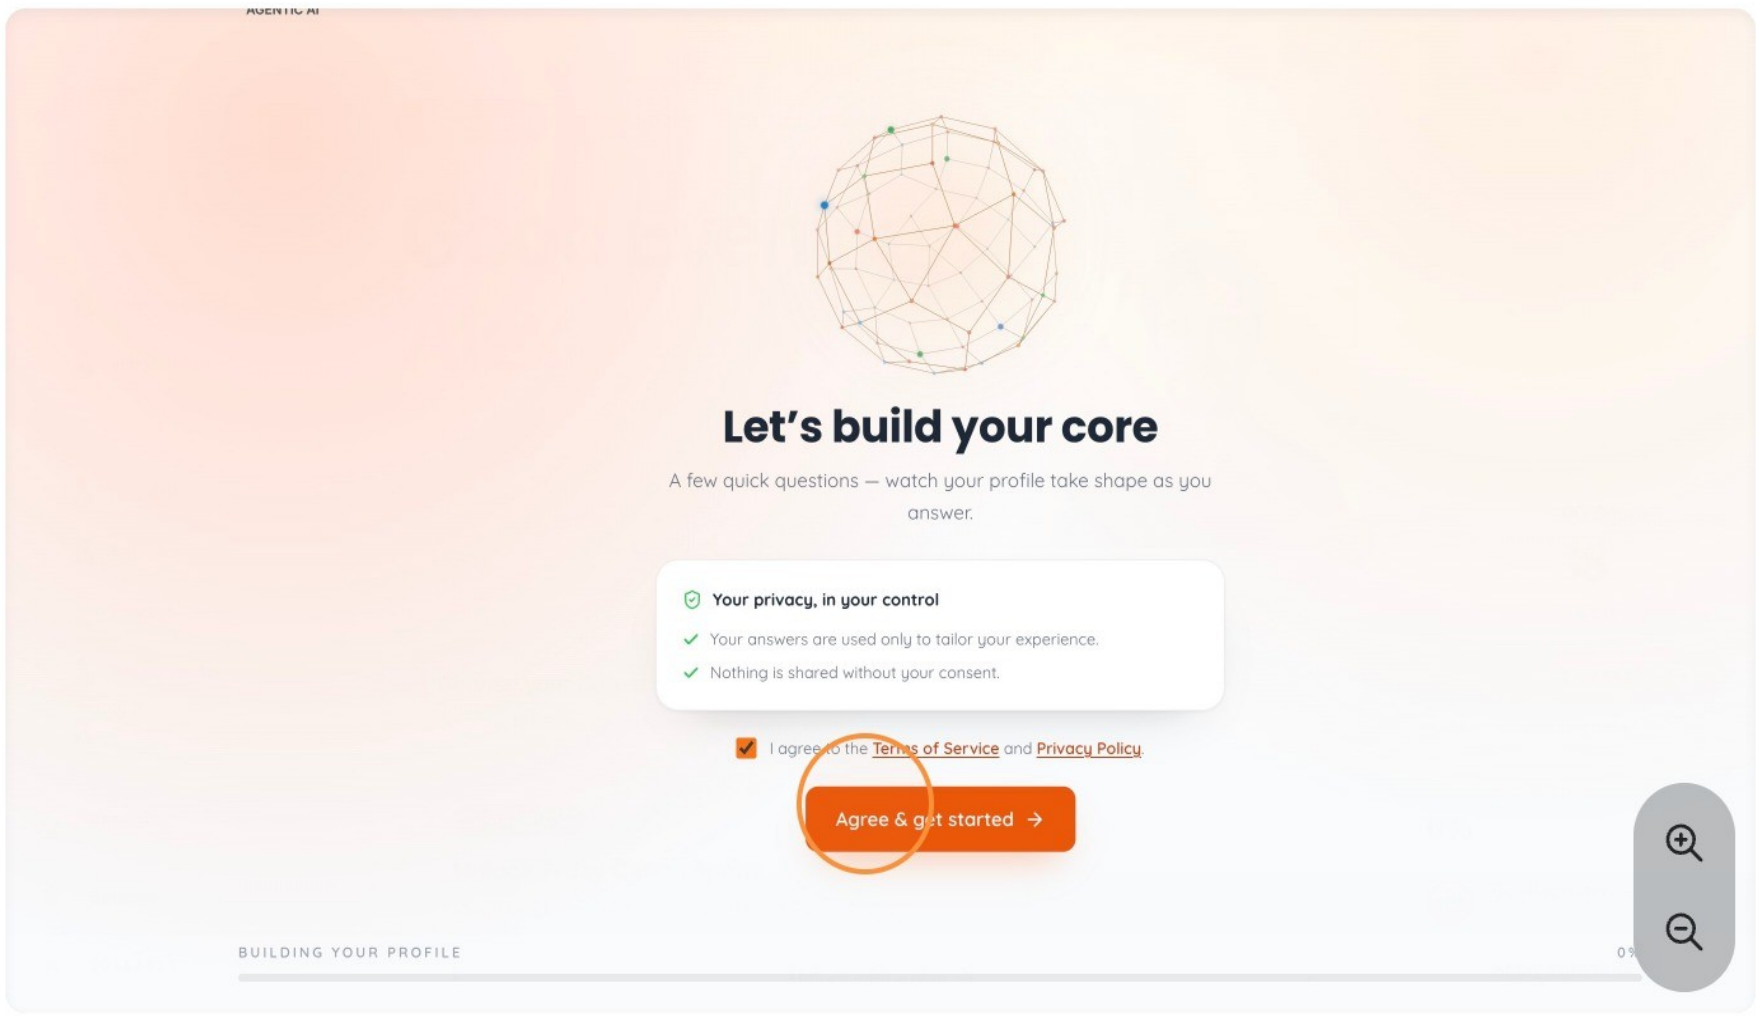

Step 3 of 18

4

Start building your GrowQR profile

After accepting the terms, select “Agree & get started” to begin the guided onboarding questions.

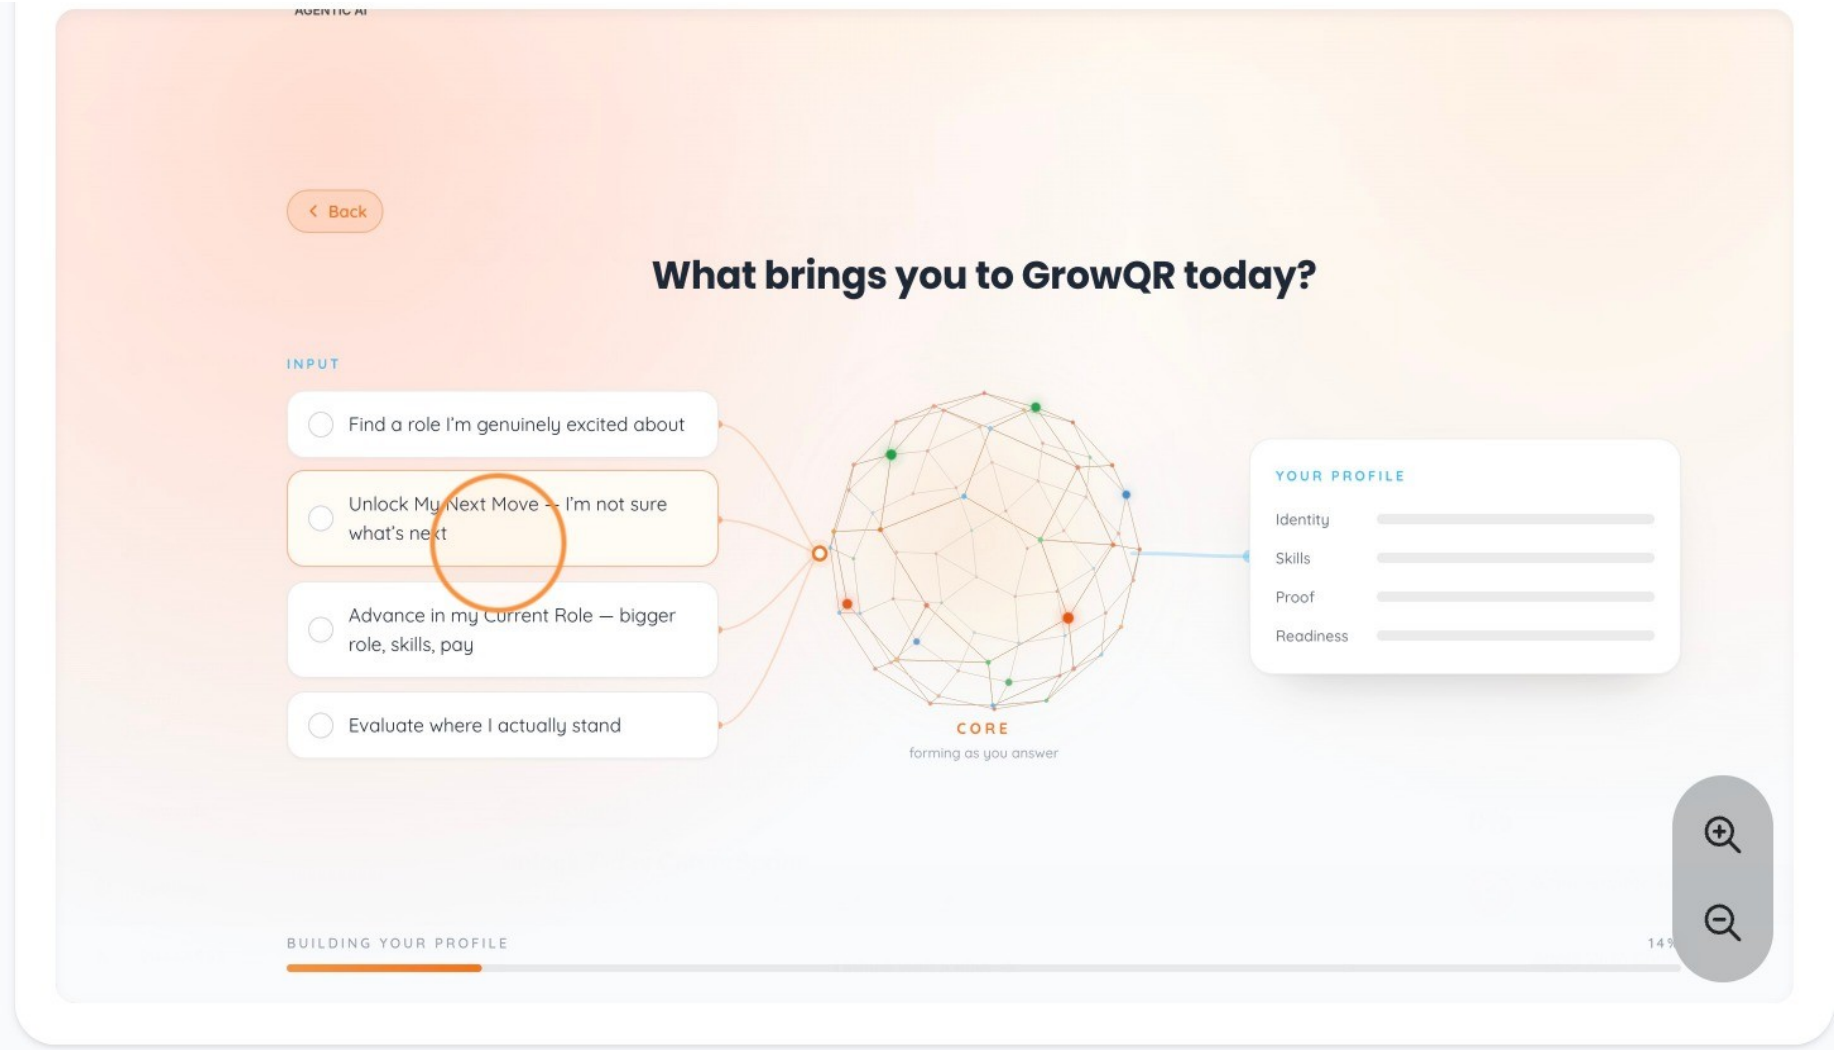

Step 4 of 18

5

Choose what you want GrowQR to help you achieve

Select the option that best describes why you are using GrowQR. For this example, choose “Unlock My Next Move — I’m not sure what’s next.”

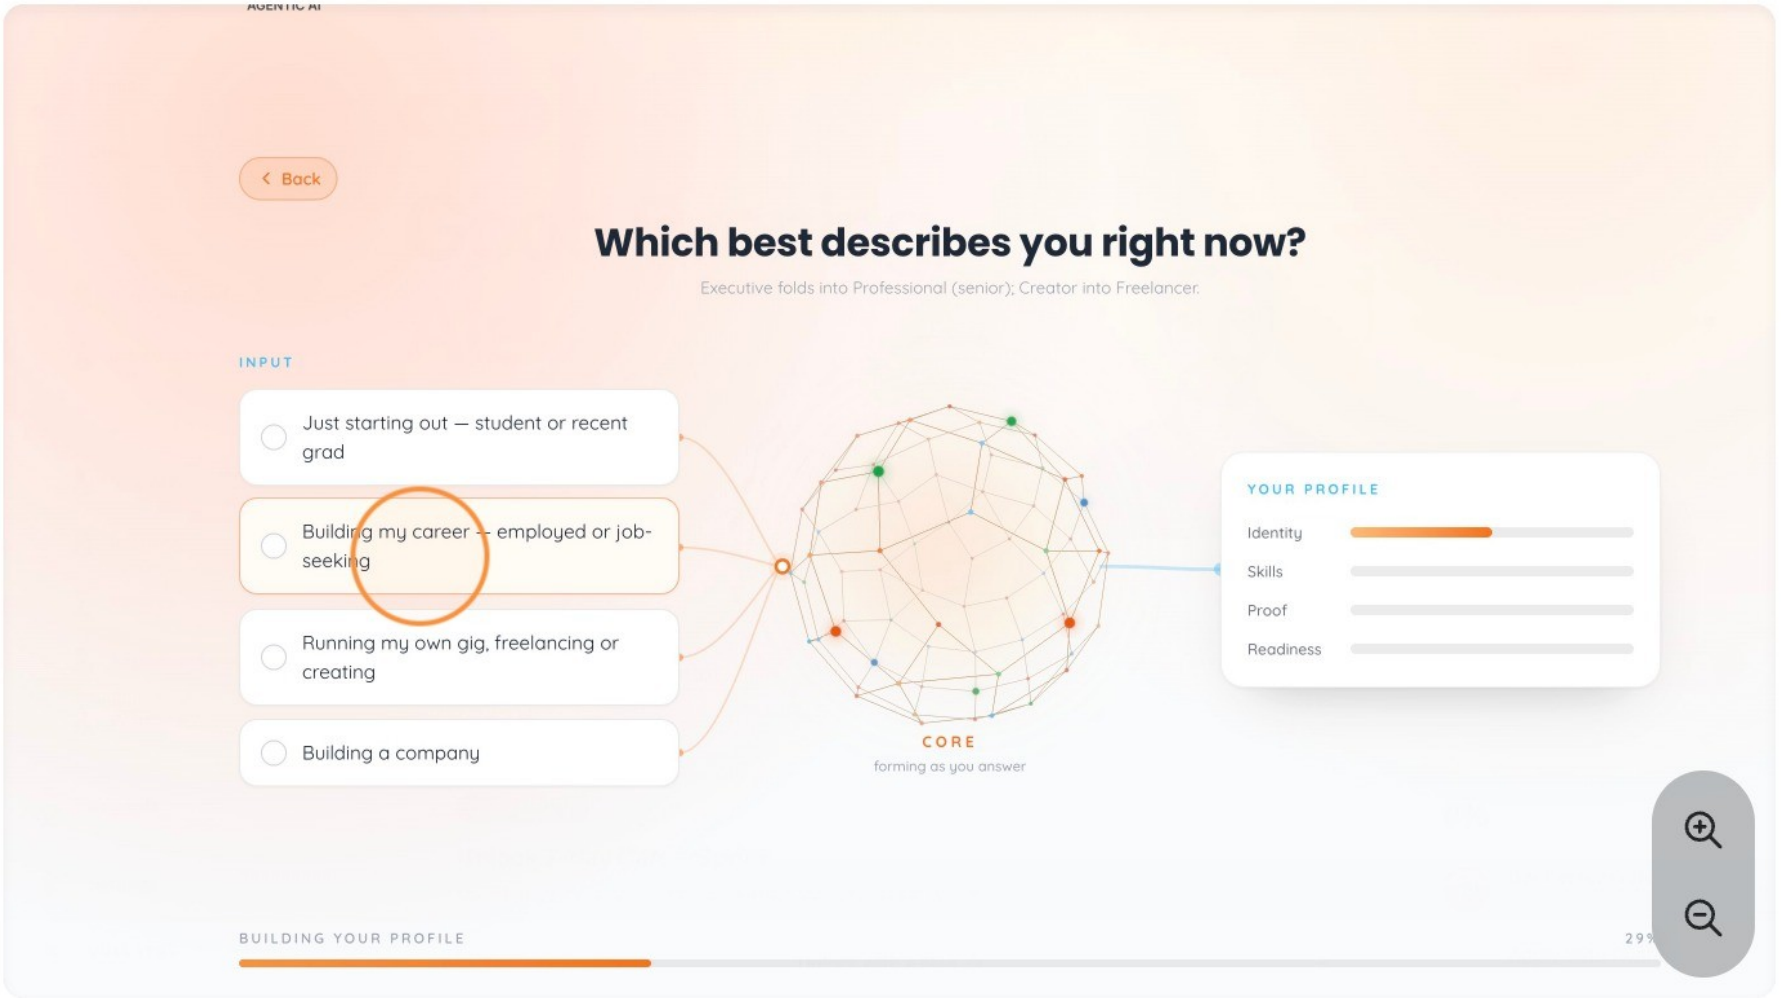

Step 5 of 18

6

Describe your current career stage

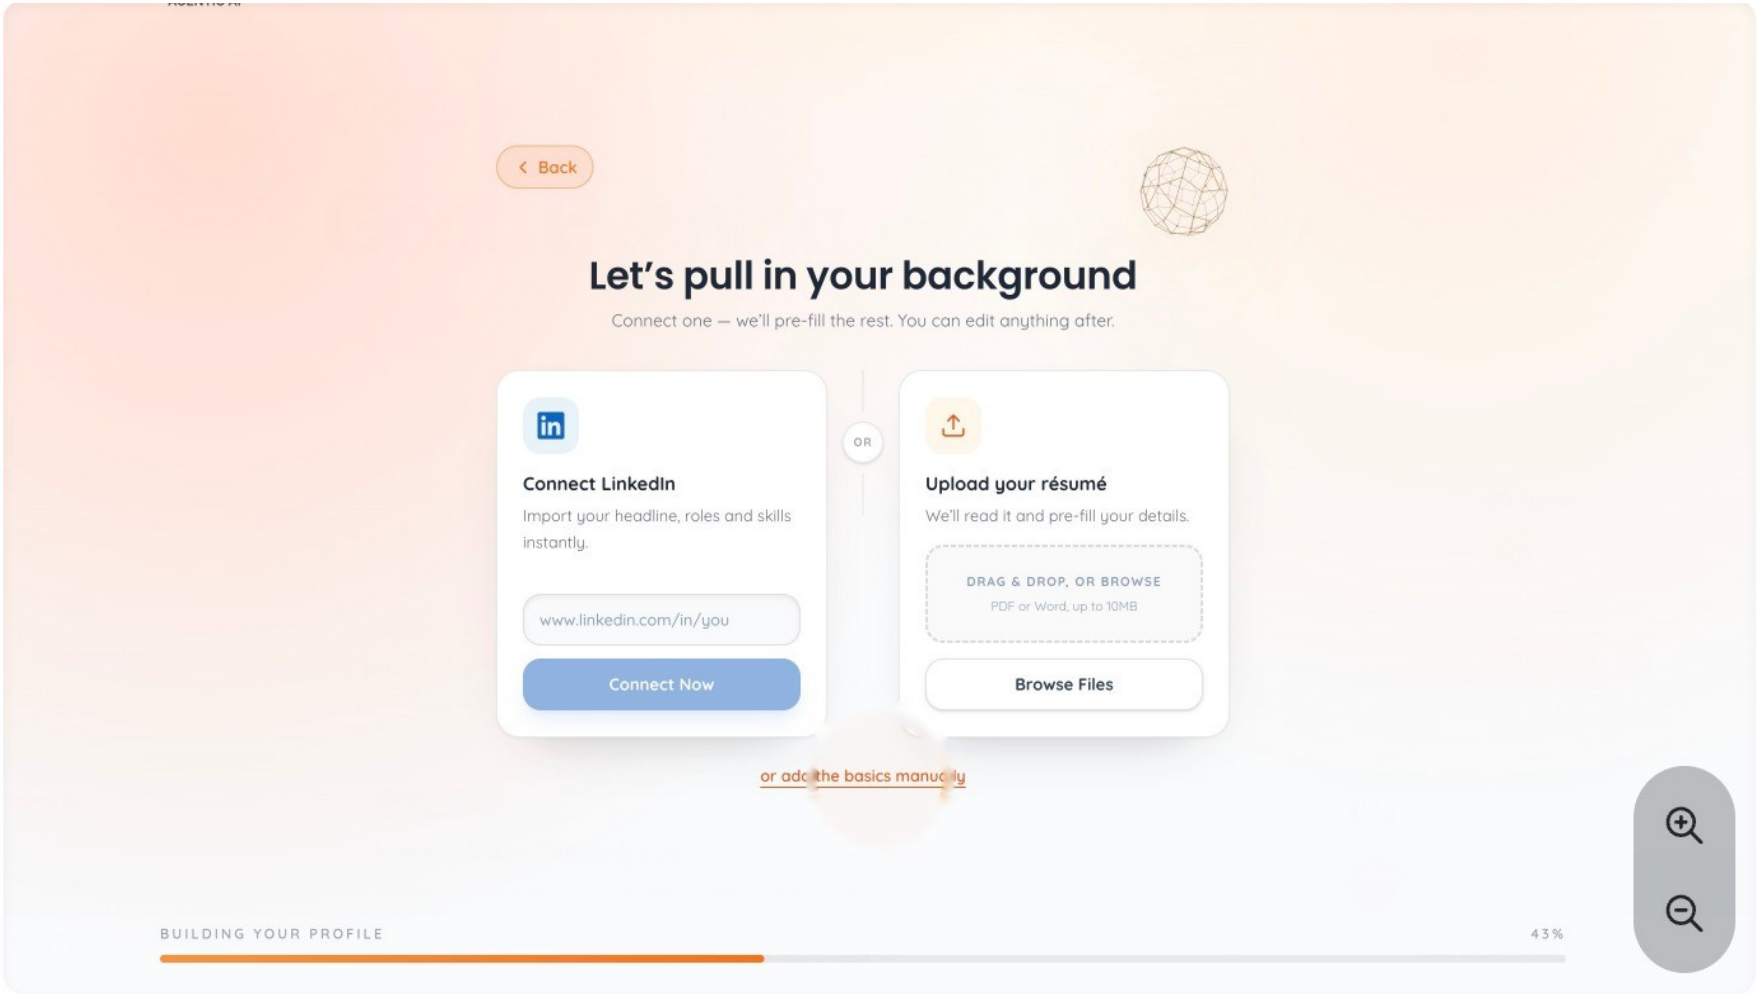

Choose the option that best represents your present situation. In this example, select “Building my career — employed or job-seeking.”

7

Choose how to add your professional background

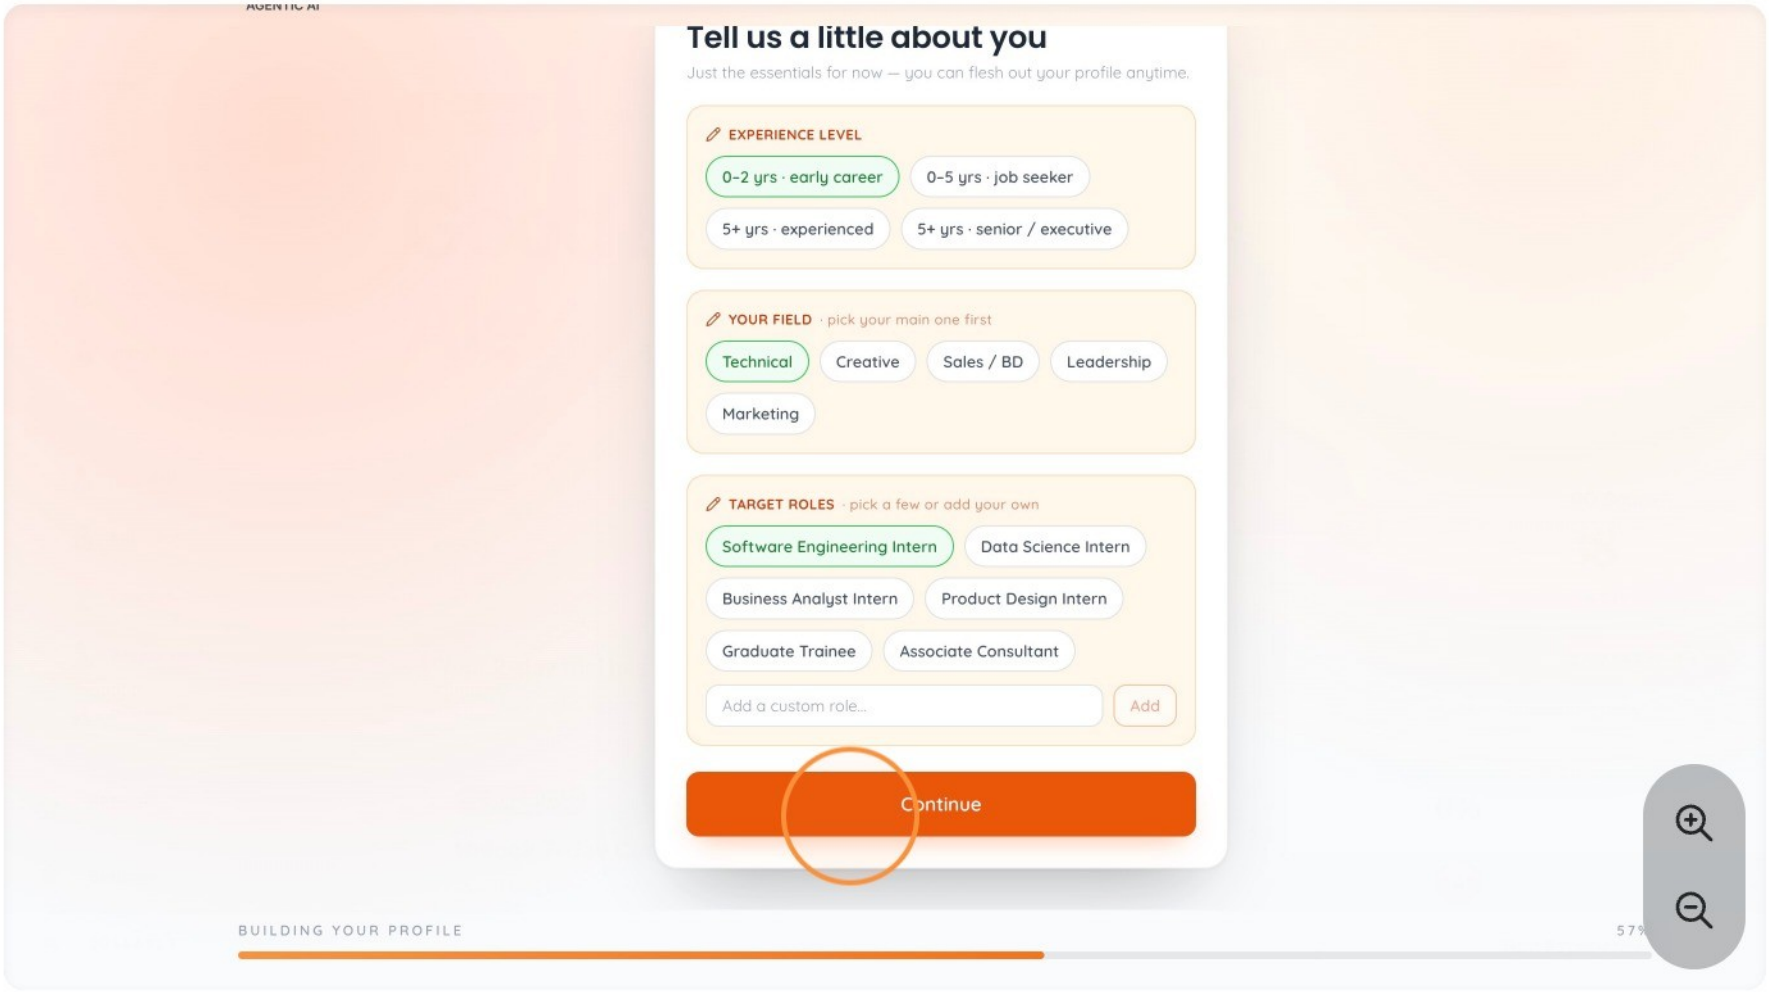

Connect your LinkedIn profile or upload your résumé. GrowQR will automatically extract your professional background, giving you the most accurate and personalized experience from the start.

8

Confirm your basic career details

Review your experience level, field, and target role selections. When the information is correct, select “Continue.”

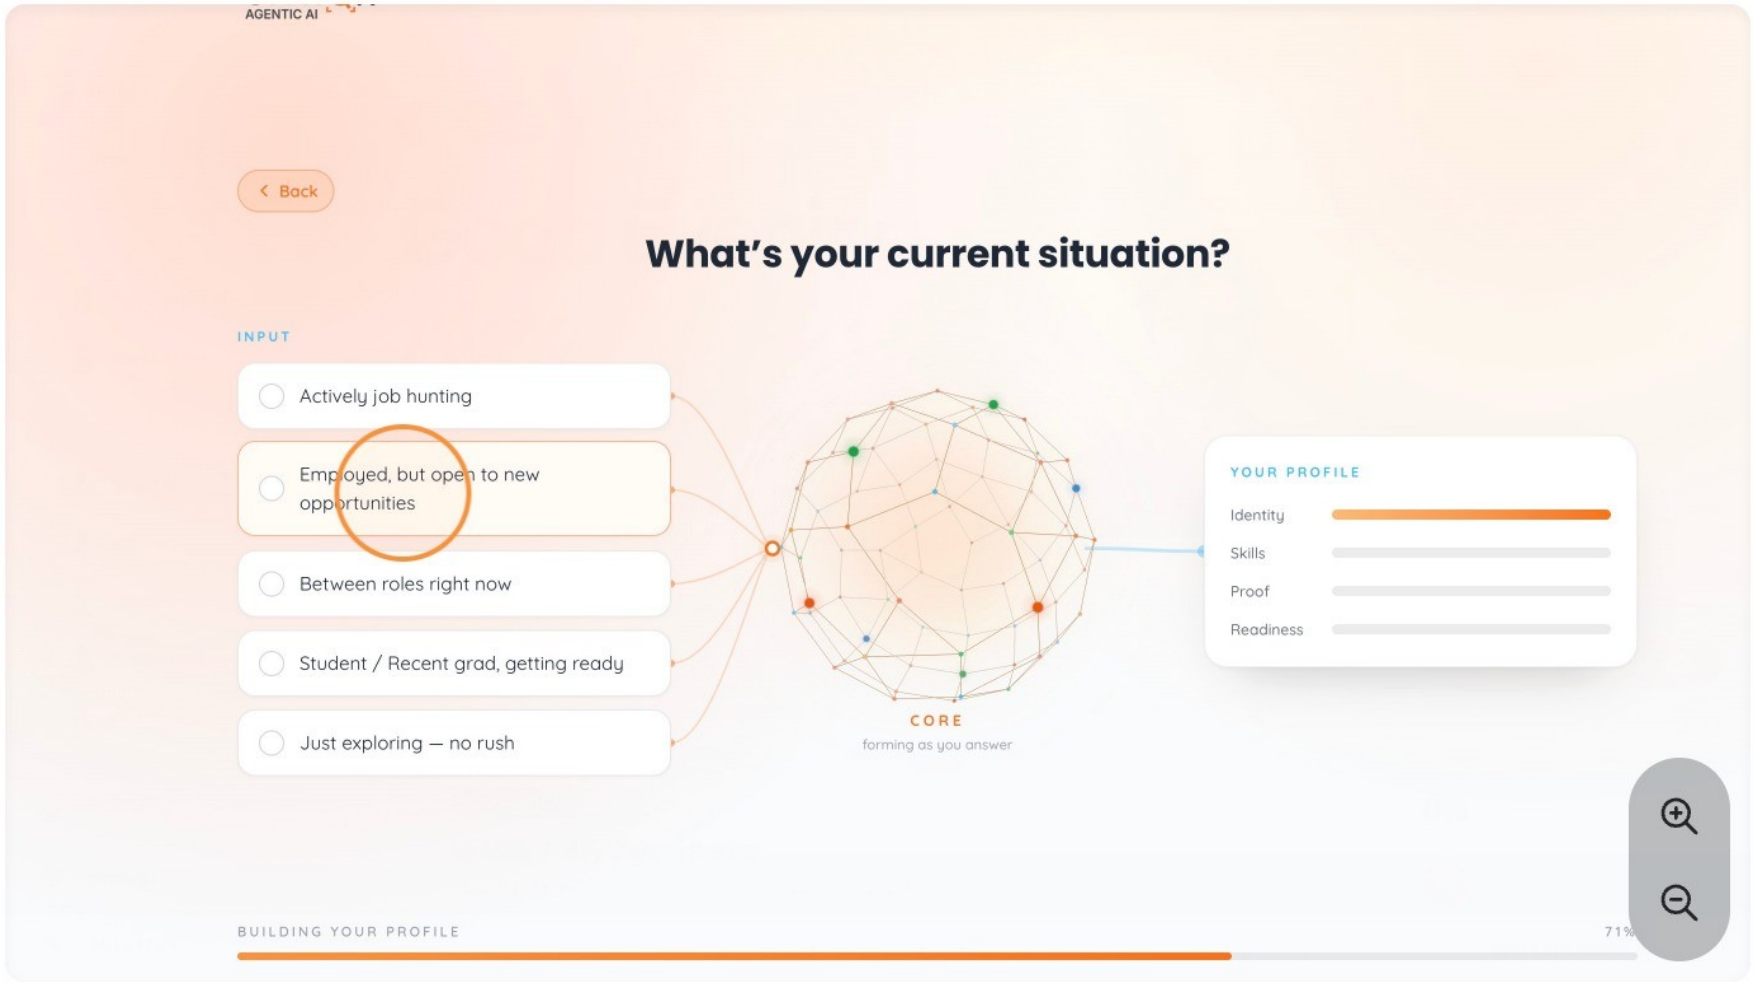

Step 8 of 18

9

Identify your current employment situation

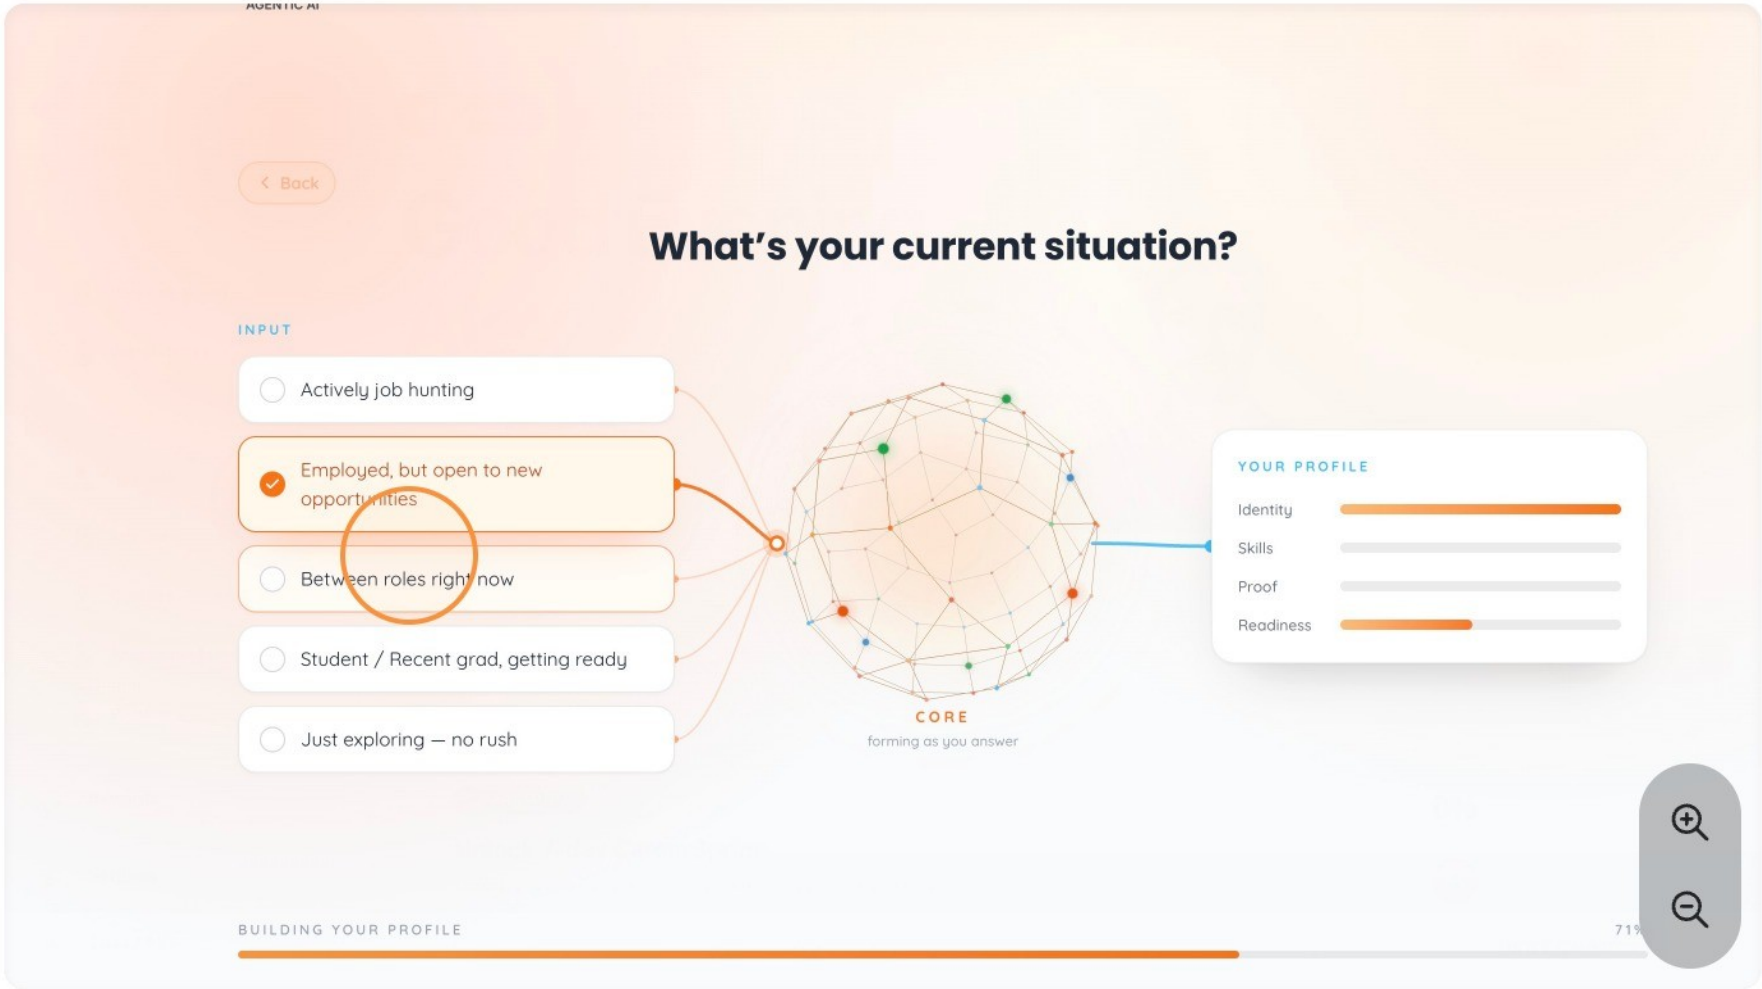

Choose the option that best describes your current status, such as actively job hunting, employed but open to opportunities, between roles, or exploring.

10

Update your current situation if needed

You can revise your selection before moving forward. Select “Between roles right now” if that description better reflects your current circumstances.

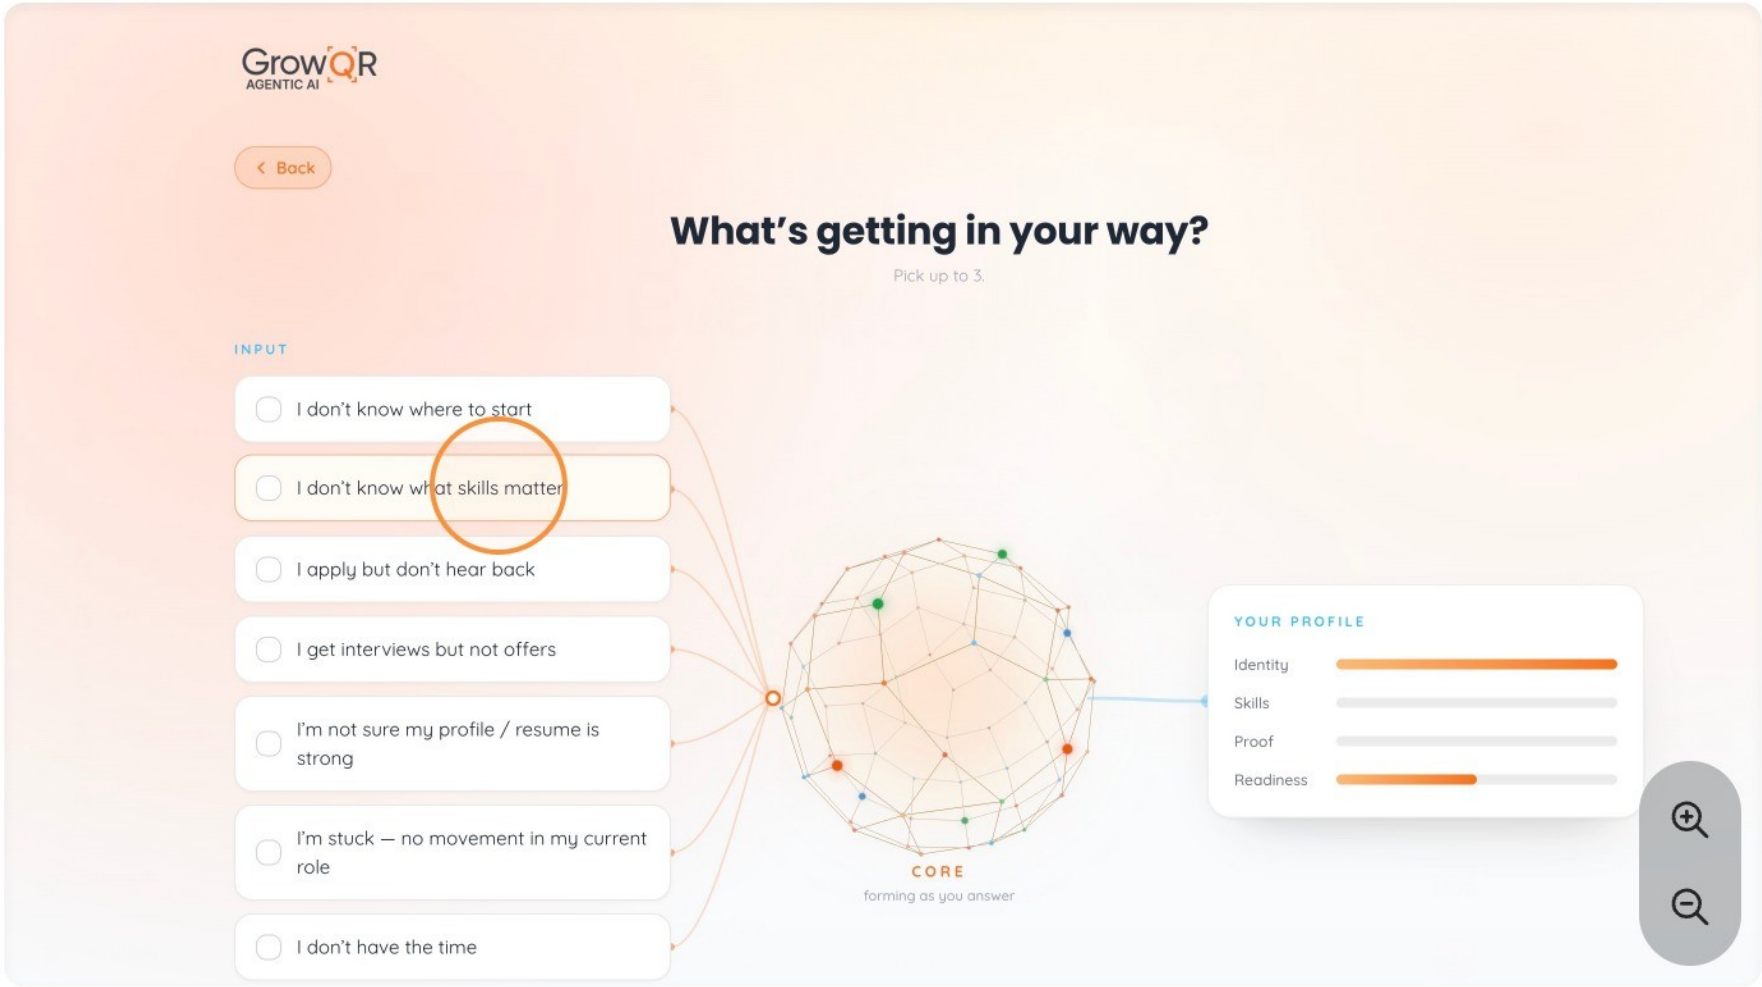

Step 10 of 18

11

Identify the challenges affecting your progress

Choose up to three obstacles that are currently getting in your way. For example, select “I don’t know what skills matter.”

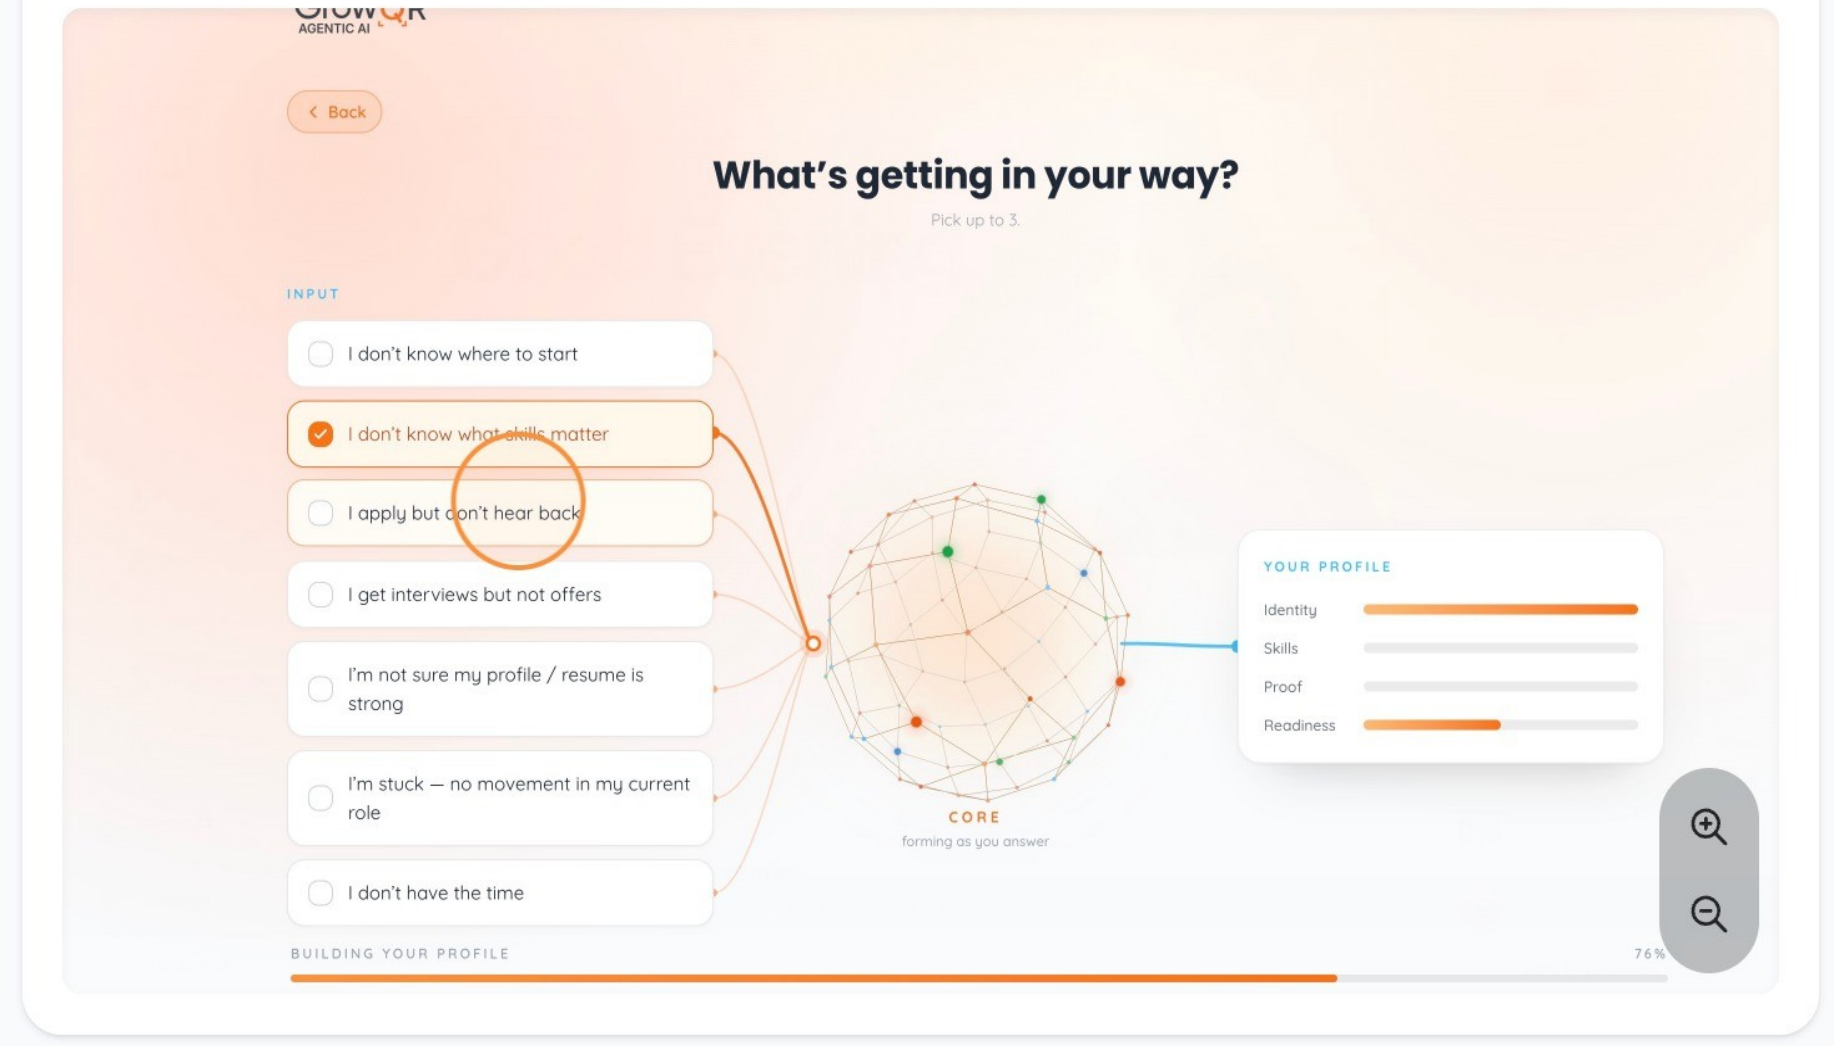

Step 11 of 18

12

Add another challenge for a more accurate profile

Select any additional obstacle that applies to you. In this example, add “I apply but don’t hear back.”

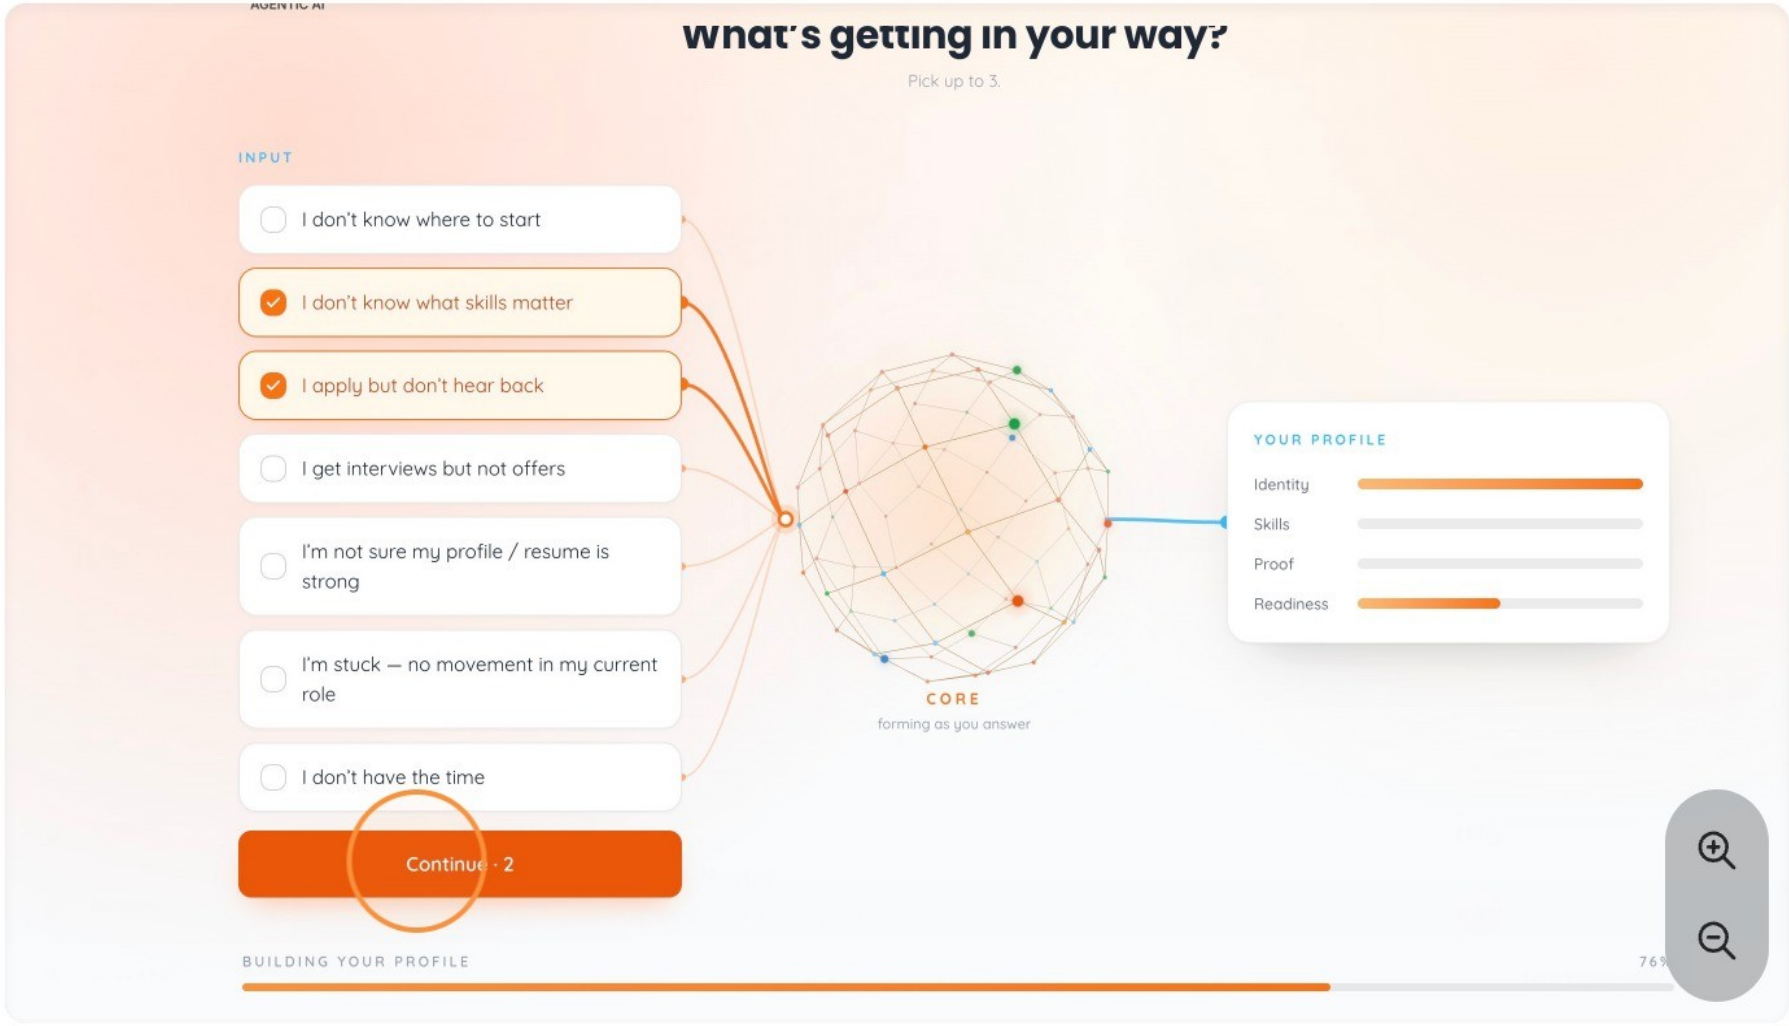

Step 12 of 18

13

Confirm the challenges you selected

Review the selected challenges, then choose “Continue” to help GrowQR tailor its recommendations to your needs.

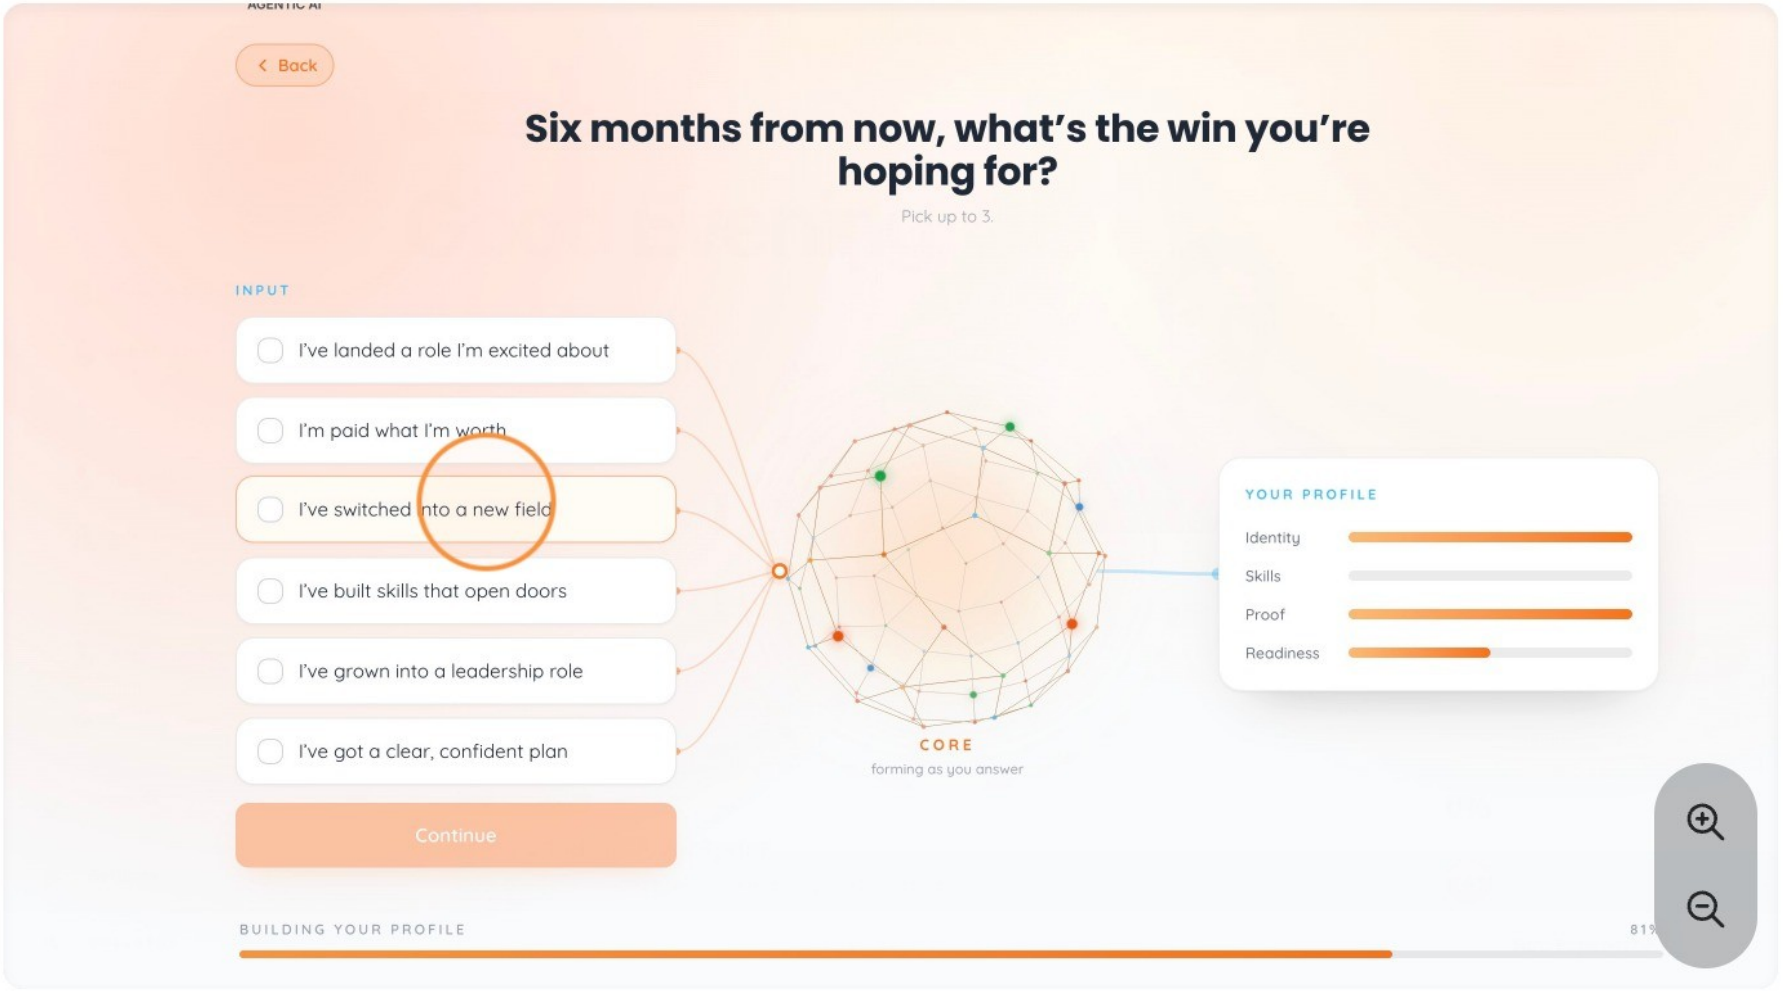

Step 13 of 18

14

Define the outcome you want to achieve

Choose up to three results you hope to accomplish within the next six months. In this example, select “I’ve switched into a new field.”

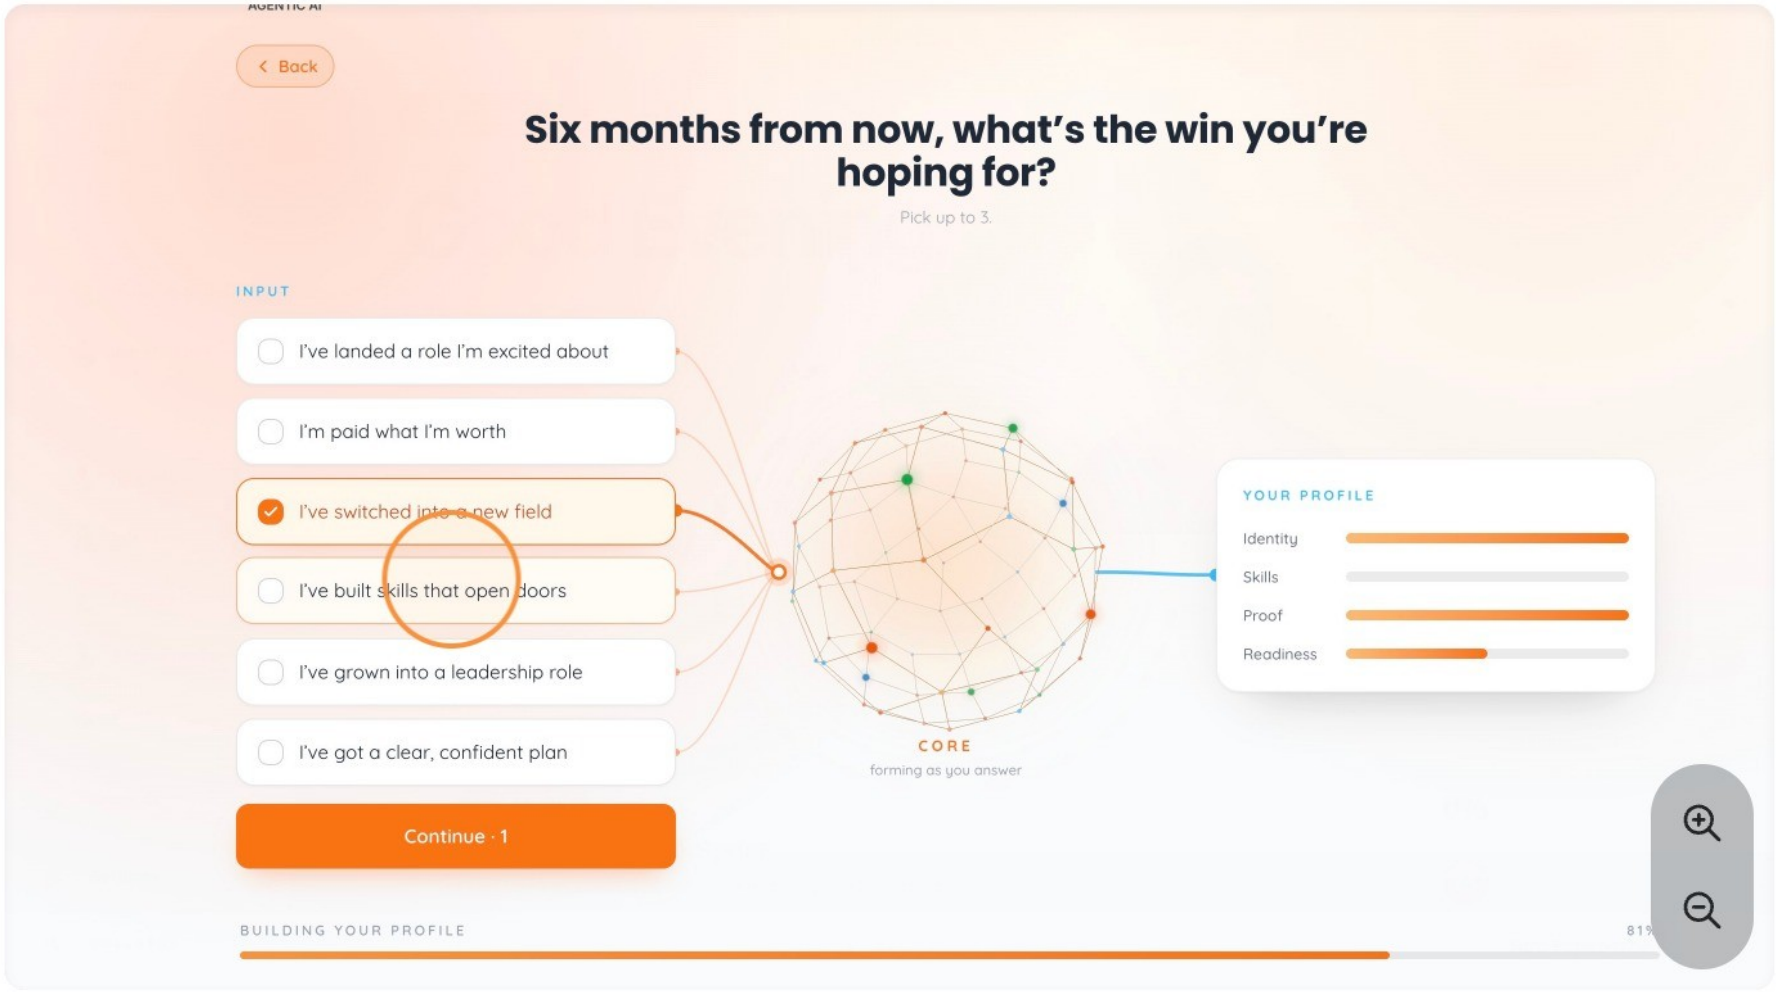

Step 14 of 18

15

Add another six-month career goal

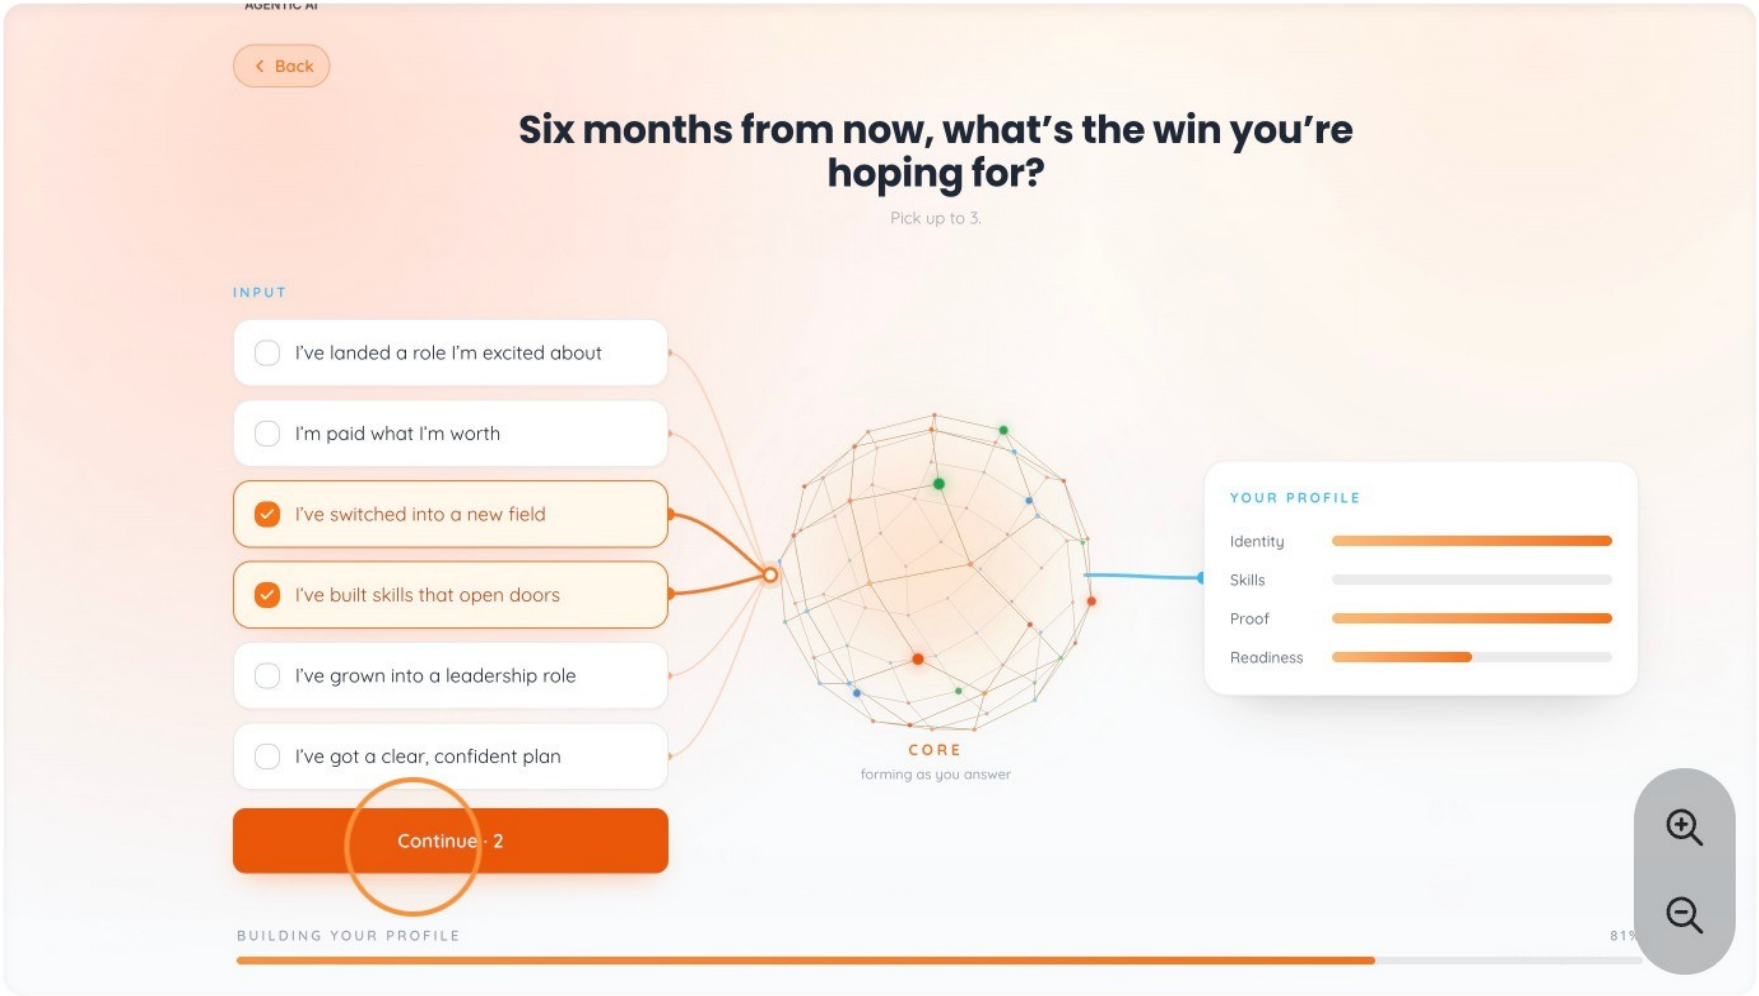

Select any additional outcome that matters to you. In this example, add “I’ve built skills that open doors.”

16

Confirm your six-month goals

Review the outcomes you selected, then choose “Continue” so GrowQR can align your development plan with those goals.

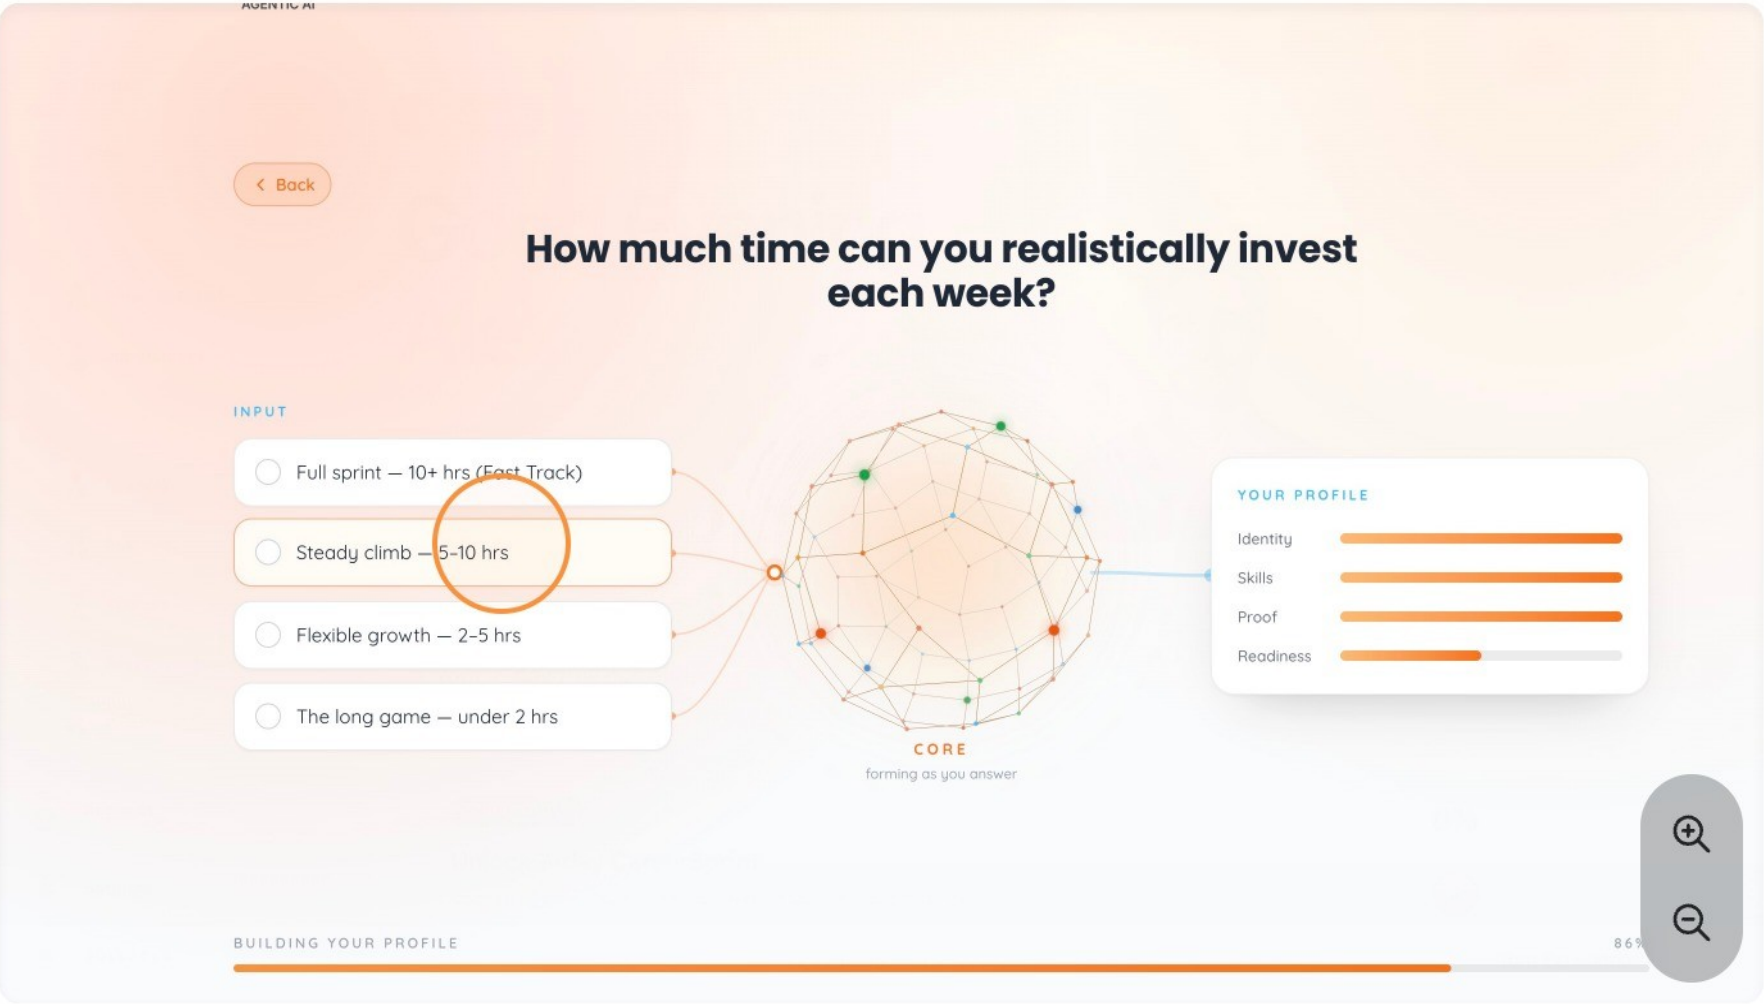

Step 16 of 18

17

Set a realistic weekly time commitment

Choose the amount of time you can consistently invest each week. Select the option that best fits your schedule, such as the “Steady climb — 5–10 hrs” plan shown here.

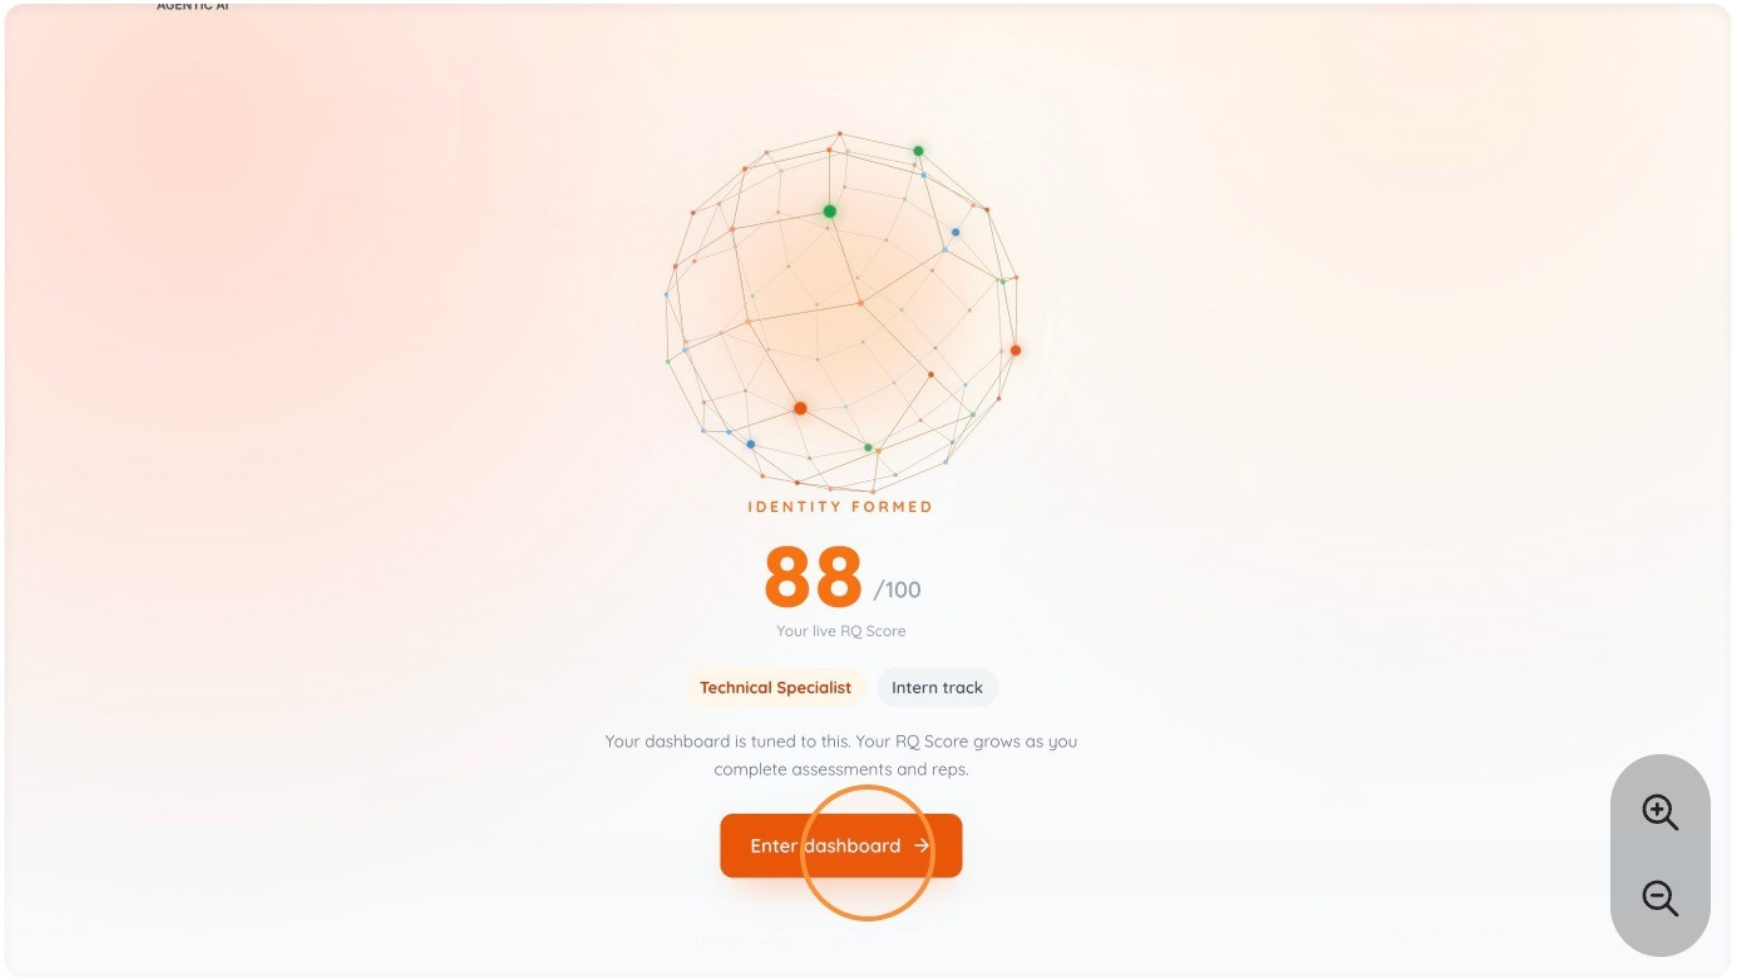

Step 17 of 18

18

Review your initial profile and enter the dashboard

GrowQR displays your completed identity profile, initial RQ score, and recommended track. Review the summary, then select “Enter dashboard” to begin using your personalized workspace.
